Re: Letter of Commitment — Website Login System & Notices Module

Dear Mr. Lan Ranjith,

Thank you for choosing Nyx Solutions. We are pleased to confirm our commitment to delivering the website login system and notices module for CDMC Sri Lanka as outlined below. This letter serves as our formal assurance that the work described herein will be completed within the agreed timeframe, subject to the payment schedule and access requirements stated.

What We Will Deliver

Our team will handle the complete implementation of the following features directly into your existing website — no technical involvement will be required from your end:

#	Description	Notes
1	Add a Login button to the top-right of all existing website pages	
2	User authentication system with two roles: User and Admin. Logged-in state visible across all pages.	
3	User database with fields: Username, Email, Course ID (non-unique), Phone Number, User Type, Password	No public self-registration
4	Auto-generate a simple random password per user on account creation. Users can change their password from the login page.	Client distributes passwords
5	"Notices" tab added to main menu (visible to logged-in users only) — allows users to read announcements/ view member-only meeting links, etc.	
6	Admin panel — manage users (add, disable, reset passwords) and post/edit/delete notices.	Admin role only

Timeline & Support

Estimated Delivery	30 days from deposit receipt and website access being granted
Implementation	We will handle the full integration into your existing website — no action required from your end.
Warranty Period	3 months — any bugs arising from the delivered work fixed at no charge
Post-Warranty Support	Available on request at an hourly rate agreed in writing

Payment Details

To confirm this engagement, please make the deposit payment to the bank account below. Work will commence upon receipt of the deposit and access to your website.
